

IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF WISCONSIN

INNOGENETICS, N.V.,

Plaintiff,

v.

ABBOTT LABORATORIES,

Defendant.

ORDER

05-C-0575-C

A hearing was held by telephone on defendant Abbott Laboratories' motion for expedited discovery and depositions before United States District Judge Barbara B. Crabb on January 5, 2007. David Anstaett appeared for plaintiff. Adrian Pruetz appeared for defendant.

After hearing argument from counsel, I denied defendant's motion for expedited discovery, given the imminence of the evidentiary hearing and the opportunities that defendant has had for discovery in this case.

I also directed the parties to provide each other with a list of witnesses they expect to call at the evidentiary hearing and a list of exhibits they expect to introduce no later than 8:45 a.m. on Wednesday, January 10, 2007.

Entered this 8th day of January, 2007.
